

## **OCEAN TANKERS**

### **Corporate Profile**

Ocean Tankers (Pte) Ltd, Singapore is a leading provider of marine transportation for the energy industry. We manage and operate a fleet of over 80 modern oil tankers of varying sizes with a current tonnage of about 5.8 million DWT. The ability to add value in a real and tangible way to customers' businesses is one of Ocean Tankers' strength in this highly competitive industry. We take pride in providing quick solutions and shipping connections to help customers manage their supply chain. Being a strongly entrepreneurial company, we are constantly reinventing new ways to conduct our business to bring greater value and better service to our customers.
