

PACIFIC CARRIERS LIMITED GROUP

CORPORATE PROFILE

The Pacific Carriers Limited Group is one of Singapore's largest and most diversified shipping companies.

Established more than 30 years ago, PCL started out as an in-house ship broker to the Kuok Group, and has grown to become a leading and reputable global player in the shipping industry having offices also in Melbourne, Mexico City, Beijing, Malaysia, London and Connecticut.

Today, the Group's activities encompass the following:

- a) chartering and ship broking – a leading dry bulk operator, with particular emphasis in the handysize, handymax, panamax and post panamax bulk trades worldwide.
- b) ship owning - it owns and operates a fleet of dry bulk carriers and product tankers, as well as container feeder vessels, multi purpose vessels, tugs and barges.
- c) ship management - a reliable and accredited ship management arm offers the complete suite of management services and facilities.
- d) liner division - operates a regional container feeder unit and a parcel service between South East Asia and the US Gulf and Atlantic ports.
- e) offshore division – it owns and operates a fleet of over 80 anchor handling and towing vessels, ocean towing tugs and utility vessels, crane and deck barges; providing ocean towage, ocean transportation, heavy lift, oil spill and emergency response and diving services to the offshore oil and gas industry.

With offices worldwide, the PCL Group is well positioned to develop its businesses further building on its core strengths.
