ABOUT MARINTEC INDONESIA 2016

The 2nd edition of Marintec Indonesia was held successfully on 23 – 25 November 2016, bringing together over 3,000 trade visitors from 23 countries and more than 120 exhibiting companies from 15 countries.

An extensive programme of conferences, seminars and other activities were held alongside the Marintec Indonesia exhibition, including the Maritime Conference, the Marine Corrosion Seminar, the Indonesia-Korea Business Forum and shipyard visits.

WHY INDONESIA?

- As an archipelago country, Indonesia's economy relies heavily on marine transport and has a burgeoning maritime industry
- The government has a substantial budget for buying new vessels
- Strong economic growth of around 6%
- Indonesia is open to investment in shipyards and joint ventures in manufacturing

2016 EVENT HIGHLIGHTS

EXHIBITION

More than 120 companies from 15 countries exhibited in Marintec Indonesia 2016. They displayed their latest marine equipment, products and services, gave presentations about their new technologies and participated in a highly effective business matching program.

MARITIME CONFERENCE

A high-quality conference featuring top speakers from Indonesia and abroad was held alongside the exhibition. The Marintec Indonesia Conference program provided an invaluable platform for discussing the key trends and issues in the Indonesian maritime industry, market insights and the latest in marine technology developments.

MARINE CORROSION SEMINAR

This seminar covered a wide range of topics related to the all-important subject of marine corrosion, including prevention, repair and monitoring.

BUSINESS FORUM

Senior representatives from the Indonesian National Shipowners Association (INSA) and the Korea Marine Equipment Association (KOMEA) discussed cooperation and signed a memorandum of understanding to strengthening the relationship between Korea and Indonesia in the maritime sector.
